MEMORANDUM FOR: Mr. Lilley

SUBJECT : [REDACTED]
House Select Committee (HSC) Staff
Request for NIO Products

1. The attached memorandum from Mr. Roscoe Starek, III, an HSC staffer, reflects our first real contact with "les enfants terribles" of the HSC. They indicated that they were planning "case studies" on a number of areas and desired to review estimative type products as part of the exercise. The index of Estimates has been prepared and the Estimates pulled from the files in anticipation of their written request.

2. Per the procedures Mr. Carver mentioned several weeks ago, the appropriate lists and Estimates are herewith forwarded to you. Please review these materials (or have them reviewed) for any subjects which could be considered politically sensitive to the White House. Any such Estimates will be referred to [REDACTED] for a decision on their availability for HSC review by Messrs. Buchen or Hill.

3. Additionally, please have your secretary prepare a listing of any Interagency Intelligence Memoranda (IIM) produced under the aegis of the NIO which cover the countries contained in Mr. Starek's memorandum. Please forward these lists to the front office along with your comments as to the advisability of allowing the HSC staffers access to the IIM for review.

4. It would be appreciated if your review and comments as well as the attached materials could be received by COB, Wednesday, 3 September 1975.
